

Maw Maw Song

The Joy Formidable

Maw maw ma ma ma ma maw
Ma ma ma ma maw, maw maw maw
Maw maw ma ma ma ma maw
Ma ma ma ma maw, maw maw maw

Enough
Iâ€™m ready to face it all
Alone
This line is a wall

Iâ€™m big
Like a warrior
Iâ€™ve grown sure
So draw, draw let me right you
Give me more

You want it all
You want it all
I know you do
I know you do
Now, what do you want from me
Well I guess itâ€™s time to feed

Here now the wind it blows high
Just cover your mouth for a colorful lie
Sing free and hold up the sun
The belly wonâ€™t rest until the day is done now

Maw maw ma ma ma ma maw
Ma ma ma ma maw, maw maw maw
Maw maw ma ma ma ma maw
Ma ma ma ma maw, maw maw maw

This slant
Is pulling an empty jar
Belief that dim can go far
Iâ€™ll take a rattler to the bear
So join, join
Let me show you wilderness

You want it all
You want it all
I know you do
I know you do
Now, what do you want from me
Well I guess it's time to feed

Here now the wind it blows high
Just cover your mouth for a colorful lie
Sing free and hold up the sun
The belly won't rest until the day is done

Maw maw ma ma ma ma maw
Ma ma ma ma maw, maw maw maw
Maw maw ma ma ma ma maw
Ma ma ma ma maw, maw maw maw

Your hand, put it right here
I'm taking you somewhere, somewhere to eat
The sky, the land, the stars and the sun
We'll shovel them down with canyon water.
I want your eyes to widen again
They're heavy with bags, tired with tales
Your hand, put it right here, I'm taking you somewhere, somewhere to live.
