Jump (Into the Deep End)

Pepper MaShay

You built me up
Just to tear me down
You broke my heart in two
And now I've got to stand
Stand my ground
Your rent is overdue
You tried to bend me shape me
Any way you wanted
To get me to do for you

And now you're actin' like
Somebody else's guy
And I'm not playin your fool
So I've jumped into the deep end
That's where my tears all keep on fallin
Now I jump into the deep end
I keep on feelin Like I'm drownin

I'll jump
I'll jump
Jump into the deep end
I'll jump
Jump into the deep end
I'll jump
I'll jump
I'll jump
I'll jump
I'll jump

You really thought
You could play your hand
Like you were rollin the dice
After breakin down
From so many tears
I found your heart to be cold as ice
I was ready
Willin' able
To come to your rescue

But then you acted like

Somebody else's guy
And I'm not playin your fool
So I've jumped into the deep end
That's where my tears all keep on fallin
Now I jump into the deep end
I keep on feelin Like I'm drownin

I'll jump
I'll jump
Jump into the deep end
I'll jump
Jump into the deep end
I'll jump
I'll jump
I'll jump
I'll jump
I'll jump
