

Love Remains The Same

Gavin Rossdale

A thousand times I've seen you standing
Gravity like lunar landing
You make me wanna run till I find you
I shut the world away from here
Drift to you, you're all I hear
As everything we know fades to black
Half the time the world is ending
Truth is I am done pretending [Chorus]
I, never thought that I
Had anymore to give
You're pushing me so far
Here I am without you
Drink, to all that we have lost
Mistakes we have made
Everything will change
But, love remains the same
Find a place where we escape
Take you with me for a space
The city bus sounds just like a fridge
I walk the streets through seven bars
I have to find just where you are
The faces seem to blur
They're all the same
Half the time the world is ending
Truth is I am done pretending [Chorus]
So much more to say
So much to be done
Don't you trick me now
We shall overcome
So all that's left is praying
But we, should have had the sun
We could have been inside
Instead we're over here
Half the time the world is ending
Truth is I am done pretending
Too much time too long defending
You and I are done pretending
I, never thought that I
Had anymore to give
You're pushing me so far
Here I am without you
Drink, to all that we have lost
Mistakes we have made
Everything will change
Everything will change
I, oh I,
I wish this could last forever

I, oh I,
as if we could last forever Love remains the same
Love remains the same
