Exit

Tony Sly

Yesterday becomes tomorrow, leaves you wanting more
So intricate becomes a bathroom floor
And even though you're in a ditch you dig a deeper hole
I'm a shovel, it's out of my control

Promised a change, didn't hear a word from you
Don't hold me back
The exit isn't somewhere in my heart
A promise of pain, we're back to the start

The reason that I still persist, it's obvious I care
Been waiting by your door with no one there
It seems that you are locked inside, my key don't fit no more
You're walking on the landmines you laid down before

Promised a change, didn't hear a word from you
Don't hold me back
The exit isn't somewhere in my heart
A promise of pain, we're back to the start
