Only You

Jody Watley

It's hard to say the way I feel
Sometimes the words don't seem enough
All I know is as the days go by
The thoughts of you stay on my mindGuess you could say I'm a sentimental girl
But for me there's always one for my worldOnly you
Only you, oh yeahLove can bring it's ups and downs
Still I miss you when you ain't around
'Cause sometimes I feel like dancing, oh, so close
Lost in time as I feel your kissDidn't take long to figure out
I'm crazy for you baby, there is no doubt
I wanna be with you, holding you, loving youOnly you
Only you, oh yeahWith only you
(Only you)
Only you
(I wanna be with only you)Only you
(Only you)
Only you, oh yeah
(I wanna be with only you)Didn't take long to figure out
I'm crazy for you, there is no doubt
I wanna spend life together loving youOnly you
(Only you)
Only you
(I wanna be with only you)Only you
(Only you)
Only you
(I wanna be with only you)Only you
(Only you)
Only you
(I wanna be with only you)Only you
(Only you)
Only you
(I wanna be with only you)
