At Last

Hothouse Flowers

At last
My love has come along
My lonely days are over
And life is like a songOh yeah yeah, at last
The skies above are blue
My heart was wrapped up in clover
The night I looked at youI found a dream that I could speak to
A dream that I can call my own
I found a thrill to press my cheek to
A thrill that I have never known, oh yeah yeahYou smiled, you smiled
And then the spell was cast
And here we are in heaven
For you are mine at lastI found a dream that I could speak to
A dream that I can call my own
I found a thrill to press my cheek to
A thrill that I have never known, oh yeahYou smiled you smiled
And then the spell was cast
And here we are in heaven
For you are mine at lastAt last
At last
