

# What Happiness Means To Me

[Amy Macdonald](#)

Maybe in the start we would laugh  
Maybe in the end we would cry  
But I believe in every book I've ever read  
And what you said And the moon was in the sky  
And the tears did fill my eyes  
And the memories they all had passed  
But in my head they'll always last  
And in the end before I could be  
I'd shown the world  
What it means to me  
Believe it or not, I made them see  
This is what happiness means to me Will I ever see your face again  
Will I ever touch your skin  
I'll never stop loving everything you do  
But not me and you And the moon was in the sky  
And the tears did fill my eyes  
And the memories they all had passed  
But in my head they'll always last  
And in the end before I could be  
I'd shown the world  
What it means to me  
Believe it or not, I made them see  
This is what happiness means to me And in the end, I made them see  
This is what happiness means to me
