Get crunkHome girl bow down when you see me because I'm comin' up fresh
Ride with the realest, you feel me? So you should call me the best
I can look jazzy and nasty with my stiletto heels on
But if a hoe steps up and tries me then her hair will get thrownI'm turnin' heads left and right
Soon as you see one foot step out the car
Strollin' through the club, then I make my way right by the bar
Yeah yo, nigga eyein' me, I'll take him from you so watch out
I'm lookin' jazzy, actin' classy, but I got a sassy mouthHair is done and nails are too and I match from head to toe
[Incomprehensible] I'm rockin' 6 inch black stilettos hoe
Different color everyday, that's just to match the mood I'm in
