You make me, you make me, ooh
You make me If you look at my
If you look at my love
You'll see
You'll see, I ain't worried about a he
See
I ain't worried about a he
I ain't worried about a he
I ain't never taking niggas, ain't worry bout me
If you look at my
If you look at my love
I ain't worried about a he
And he ain't worried bout me
Liftin' my love
Cause he ain't worried about me
Liftin my love, me
I ain't never taking niggas, ain't worry bout me You make me feel good
But you don't make me feel super
But you don't make me feel super
Look at me
Me
He ain't worried about me
And I'll pick up that lease
He ain't worried about me
See
If it's you and me then it's you and me
Baby we don't worry about keys
You make me
Make me feel struck
You don't give two fucks
He ain't worried bout me he just trying to bust nuts
Times up
All that bullshit lines up
All that talkin bout what you gonna do
Boy get ya mind up If you look at my
If you look at my love
You'll see
You'll see, I ain't worried about a he
See

I ain't worried about a he
I ain't worried about a he
I ain't never taking niggas, ain't worry bout me
If you look at my
If you look at my love
I ain't worried about a he
And he ain't worried bout me
Liftin' my love
Cause he ain't worried about me
Liftin' my love, me
I ain't never taking niggas, ain't worry bout me(You make me...)
I don't wanna fight but, I'll fuck around and shoot you
I don't wanna fight but, you gave me no more choice
I will fuck around and end your lifeIf you look at my
If you look at my love
You'll see
You'll see, I ain't worried about a he
See
I ain't worried about a he
I ain't worried about a he
I ain't never taking niggas, ain't worry bout me
