

# Courtyard

[Avner Strauss](#)

Oh, my girl  
You're still in the middle  
But only the middle For once, my dear  
You miss by a little  
But only a little I don't know which way to stand Ooh, Ooh, Ooh  
Ooh, Ooh, Oohoh it's clear just look out a window  
but only the window  
i don't know how long to stay here, something's waking up  
and i won't drive what you used to love yeah the old days i think they're coming back  
but i don't mind  
ooh, ooh  
saw you in a park  
of a courtyard and i love you, but i'd never tell you that
