

# The Fidelity

## InMemory

This fall belongs to both of us  
Let me take you to a place where you can scream out loud  
All the words to your favorite songs  
'Cause that's the least that I can do  
For how much you love me  
And I hope you've had the time of your life  
Thank you for the memories You're the only one that can pick me apart  
Too fragile to realize  
You make me who I am, you're everything that is real  
In my life I understand we both grew up  
And there's things you have to do  
The only thing I ask of you if you ever fall in love again  
I hope you find yourself  
Someone who knows how to appreciate the way you laugh  
And I'm always here for you You're the only one that can pick me apart  
Too fragile to realize  
You make me who I am  
You're everything that is real  
In my life
