

Stimulate Me (feat. Mocha)

Destiny's Child

Na na na na
Na na na na
Na na na na
Naa naa naaYo that's what luvass do ? color boo
Everything wonderful
Tee hee hee I'm under you
Yea I seen it before
I don't need it no more
I'm overseas on tour lettin my feet in the door
And for those niggaz that'll try to scam stacks from me
Well that depends on how you handle my cat for me
Ghetto 'fectionate and erectionate
But the less you trick, that's the less you get
There you go, I got impressions so stress on
you jus second best uhh
Stop second guess-on
you never listen, you can't stop it I'm on fire
Know that you goin leave out here wit your pockets lighter
Count a stack about a hundred grand, rubber band
I'm like your other hand, ain't no other man
Understand, not til I told you that, hold that
I don't want it if you can't hold back, know thatBaby boy, I can see that you want me
But baby it ain't that easy
Take your time, and you can ride
You gotta work at me, cause I'm not that type (Baby)I need you to, stimulate me
You can have me
If you want me
I need you to, stimulate me
You can have me
If you want meTake me out in the six
Lemme know you want to be up in the mix
You say you want my sweet body
But first you gotta pamper me
Say you gotta phat crib in the hills
don't mean a thing to me
Unless I got the key
If you split, half goes to me (Tell me)I need you to, stimulate me
You can have me
If you want me

I need you to, stimulate me
You can have me
If you want me Mami what you want from a playa like me
Out in the streets, livin O.C.
Papi what you want from a honey like me
Ghetto soup, hot Don P
Pick you up from college and take you to my crib
We can max out, tee hee hee hee hee
It sounds real sweet, but first we hit the mall
Shoppin sprees wit you coppin me I need you to, stimulate me
You can have me
If you want me
I need you to, stimulate me
You can have me
If you want me Tell you what its all about
But first you gotta take me out
Promise me it will be good
Treat me like a balla should I need you to, stimulate me
You can have me
If you want me
I need you to, stimulate me
You can have me
If you want me
