

Win Some, Lose Some

You Me at Six

f I'm going to die I'm not going to die on my knees
If there's bigger plans then someone read them out to me
Has this life been a rehearsal for better things
Or have you been wasting your time,
Your time with me Get away, get away, get away from me
I'm moving on, I'm moving on to better things
And I've got no time to explain what you see
So let me lead the blind indefinitely Yes, you win some and you lose some
I've been losing for a while now
And you win some and you lose some
And I've been keeping count
I said, all my hope is gone
I said, all my hope is gone
I said it's gone
In this life I sing till I get chest pains
I'm in a different district, Hunger Games
Oh, so I don't know if I'll make it anymore
Put me, put me on a pedestal
Let's see, let's see if I rise or fall
At least I'll be in flight, I ain't scared anymore Yes, you win some and you lose some
I've been losing for a while now
And you win some and you lose some
And I've been keeping count
I said, all my hope is gone
I said, all my hope is gone Get away, get away, get away from me
I'm moving on, I'm moving on to better things Get away, get away, get away from me
I'm moving on, I'm moving on to better things
Get away, get away, get away from me
I'm moving on, I'm moving on to better things Get away, get away, get away from me
I'm moving on, I'm moving on to better things Yes, you win some and you lose some
I've been losing for a while now
And you win some and you lose some
And I've been keeping count Yes, you win some and you lose some
I've been losing for a while now
And you win some and you lose some
And I've been keeping count
I said, all my hope is gone
I said, all my hope is gone
I said, all my hope is gone
