

# Soldiers

## Long Beach Dub Allstars

Soldiers love a battle and a sailor loves a sea  
to each his own desire but to rule is unto me  
something happen around the back  
'cause them police like to fight  
to each his own desire but to rule is unto me  
cause ima lead them set them free  
lead them all to victory  
let them go, they have a right  
to stand up and fight for their rights  
to each his own desire but to rule is unto me  
'cause them police like to fight  
something happen around the back  
to each his own desire but to rule is unto me  
cause ima lead them set them free  
lead them all to victory  
let them know, they have a right  
to stand up and fight for their rights  
everybody come gather round  
and listen what I say  
you know you gotta wisen up  
or else you'll go away  
for the things you've done today  
and someday you'll have to pay  
to mend your foolish ways  
let me be the one to tell you  
driving around with there gun man  
spoiling all of our fun man  
here come the police to take you away  
mend your foolish ways  
nah nah nah...  
nah nah nah  
be the one to tell you  
mend your foolish ways
