## Unfinished Thought

Well Hey There John  
Are You Captured Just Like Me  
Or Were You Just Pretending  
Watch Her In The Background  
As She Shakes Her Tambourine  
Well Hey There John  
Why Did We Ever Dare To Dream  
That We Were Somehow Different  
How Much Would You Charge  
For A Memory  
But They'll Put Us  
Back Where We Belong  
Away From Reality  
And They'll Show Us  
Just Where We Went Wrong  
Too Much Energy  
Well Hey There John  
Why Did We Believe  
Gibraltar Was So Distant  
Now They're All Right  
When They Said We Were So Naive

What Have We Done  
They Gave Up On Your Dream  
Now No One's Left To Listen  
We Gave Ourselves  
To The Ones Who Said They'd Never Leave  
But They'll Put Us  
Back Where We Belong  
Away From Reality  
And They'll Show Us  
Just Where We Went Wrong  
Too Much Energy  
But They'll Put Us  
Back Where We Belong  
Hide Your Sincerity  
And They'll Show Us  
Why Our Dream Is Gone  
Too Much Complexity

Well Hey There John  
It's Not That Bad  
She Was The Best Dream I Never Had
