

# What It Do

## Rich Boy

Hey, Rich Boy, Lil' Jon  
There's a lotta motherfuckin' bad bitches in this motherfucker  
I think I'ma walk over to one of them motherfuckers and tell 'em this  
What it do? What it be like?  
Can I get your telephone number, baby?  
What it do? What it be like?  
Can I get your telephone number, girl?  
What it do? What it be like?  
Can I get your telephone number, baby?  
What it do? What it be like?  
I can picture you naked in the back of my Chevy  
The cars, the clothes, the hoes, I know that  
That purp, that kush, that dro, we blow that  
We poppin', rollin', drinkin', smokin'  
Puffin', passin', now we're chokin'  
The paparazzi, snap and shoot me  
The Prada, the Louis, the Fendi and the Gucci  
The diamonds so big, she tell a nigga, "Look daddy"  
A nigga so jealous that he don't wanna look at me  
Nigga, look at me, why ya knockin'?  
We ballin' and shoppin', them bottles poppin'  
The rims, the paint, the ride so fly  
The 28's be sittin' high  
The lows, the mids, the highs, the tweeters  
Bangin' hard, you hear my speakers  
The trunk be knockin'  
The bitches strippin', leanin', rockin'  
What it do? What it be like?  
Can I get your telephone number, baby?  
What it do? What it be like?  
Can I get your telephone number, girl?  
  
What it do? What it be like?  
Can I get your telephone number, baby?  
What it do? What it be like?  
I can picture you naked in the back of my Bentley  
We ball, we shine, we all be grindin'  
My chain, my ring, you see them diamonds  
We leanin', sippin', drankin', pourin'

Promethazine that purple ocean  
So what it do? Ya know ya boy  
Ya know I gotta keep that toy  
So pass the K, I make 'em feel me  
These niggas hatin', tryin' to kill me  
The seats in the ride like peanut butter and jelly  
The pedal to the flo', I'm bossin' in the Chevy  
Ooh, what it be like, baby? Yeah, show me  
Some hoes wanna blow me but they don't even know me  
My jewelry sick, it's so contagious  
You see my wrist, this shit outrageous  
Monte Carlos and Impalas  
Money, rubber bands and dollars  
What it do? What it be like?  
Can I get your telephone number, baby?  
What it do? What it be like?  
Can I get your telephone number, girl?  
What it do? What it be like?  
Can I get your telephone number, baby?  
What it do? What it be like?  
We were meant to be naked  
We were meant to be naked
