

Faith

BlasterJaxx

As we get up
The sun goes down
And the moon is the space in the cloud
A golden gate
The time to lalalalaley
As we fall into the sky
We'll be never afraid of the height
A night of Faith
The door to lalalalaland

Blasterjaxx
Blasterjaxx

As we get up
The sun goes down
And the moon is the space in the cloud
A golden gate
The door to lalalalaland.
