Heartbeat

Big Black

(Wire cover)
I feel old, I feel cold
I feel old, I feel cold
I'm sublime, I'm sublime
And is there something there behind me
Like a movie, like a movie
I am mesmerized by my own beat
Like a heartbeat, like a heartbeat, like a heartbeat
I feel old, I feel cold
I am mesmerized by my own beat
Like a movie, like a movie
It's behind me like a heartbeat
Like a movie, like a heartbeat
By a own beat, by a heartbeat
By a own beat, like a heartbeat
Like a heartbeat, like a heartbeat
Like a heartbeat, like a heartbeat
Heartbeat, like a heartbeat
Like a heartbeat, heartbeat
Like a heartbeat, like a heartbeat
Like a heartbeat, like a heartbeat
Like a movie, it's behind me
I am mesmerized by my own beat
Like a heartbeat, like a heartbeat
Like a heartbeat, like a heartbeat
Like a heartbeat, like a heartbeat
Like a heartbeat, like a heartbeat
Like a heartbeat, like a heartbeat
