

Keeping the Mystery Alive

Climie Fisher

We're gonna be
Keeping the mystery alive I'm telling you
Girl The secret is
Keeping the mystery alive It's hurry up and wait
Red tape
Can't escape Mustn't be late
The school bell is ringing
Soon as we're born we're taught to conform Don't you get above your upbringing! But you and me
Girl
We'll keep the magic that we've got In the future
When we're surrounded by robots We're gonna be Keeping the mystery alive
I'm telling you Girl
The secret is
Keeping the mystery alive
As you go through this world Remember this
From nine to five you'll lose your mind
If you don't keep the mystery alive! Television screen
Someone's telling me
What I should think and how I should be living
Everything's so predictable
Don't you know Everyone takes more than they are giving. But you and me
Girl
We'll find a way to ease the pressure With each other we'll find a way to keep it special We're gonna be Keeping
the mystery alive
I'm telling you Girl
The secret is But you and me
Girl
We'll keep the magic Oh
We'll keep the mystery as we go through this world.
We'll find a way to keep it special
We're gonna be - Keeping the mystery alive
I'm telling you Girl
The secret is But you've got to keep the mystery To keep the mystery
The secret is
You've got to keep the mystery To keep the mystery
Remember this
Pays to keep the mystery From nine to five you'll lose your mind But you've got to keep the mystery Keep the
mystery

The secret is!
