

Yours Truly

Embodiment

I want to know you're broken for the path you've chosen
I want to know you're reaping what you have sown
And I'll give you more than you've ever wanted
Faithful forever, with these words I promise, I promise
You want it, you got it, it's all for real
You want it, you got it, it's all for real
You want it, you got it, you want it
I want to know you're breathing for the day of morrow
I want to know you'll suffer to rest in peace
And I've given more than you've ever wished for
Forever faithful, with these words I promise
You want it, you got it, it's all for real
You want it, you got it, it's all for real
You want it, you got it, you want it
You got it, you want it, you got it
It's all for real, it's all for real
It's all for real, it's all for real
Let it go, let it go, let it go
It's all for real
You want it, you got it, it's all for real
You want it, you got it, it's all for real
You want it, you got it, you want it
You got it, you want it, you got it
You want it, you got it
I want to know you're breathing for the day of morrow
I want to know you'll suffer to rest in peace
And I've given more than you've ever wished for
Forever faithful, with these words I promise, I promise
I promise, I promise, I promise, I promise, I promise, I promise
