

Heliconia

Ballet School

Let me know your heart
I can make you better, hold you down
Having a good time
You are loved I know that it's hard
They might try to hurt you, but they won't
Always on my mind
You are loved You can trust yourself
Always know your body is your home
Always speak your mind
You are loved If you need a sign
You can ???
???
You are loved Let me know your heart
I can make you better, hold you down
Having a good time
You are loved Even in the night
??? the darkness, ??? the sun
Watch yourself be loved
Cause you are loved
