

Trouble Nobody

Akon

Okay, Akon stay out of trouble now son
Akon stay out of trouble now son Let me tell you what hurts the most
I'm a convicted felon and I can't work
No matter where I go I try to get paid
They never give me the job 'cuz they are afraid that
I'm a stick 'em up oh yea stick it
Rob the manager and everybody in it
That's the everyday life of a convict tryin' to make it
Why they sayin' to me The judges said don't trouble nobody
Probation said don't trouble nobody
Stay out of trouble, don't trouble nobody
And I'm a try not to trouble nobody
The judges said don't trouble nobody
Probation said don't trouble nobody
Stay out of trouble, don't trouble nobody
And I'm a try not to trouble nobody Me and my niggaz on the block all day clockin'
Dimes lookin' out for police
'Cause this the type of shit that we go through
Up in the ghetto just to make some cheese
Street life got me gettin' locked up about
5, 6 times a week and then a made bond
Take it from the profit of the weed
All this just to feed my seeds, yeah I got a stop this livin', I witness one to many killings
I've seen the hardest niggaz straight propped up
And a pound that's never ever been found so The judges said don't trouble nobody
Probation said don't trouble nobody
Stay out of trouble, don't trouble nobody
And I'm a try not to trouble nobody
The judges said don't trouble nobody
Probation said don't trouble nobody
Stay out of trouble, don't trouble nobody
And I'm a try not to trouble nobody I'm tryin' to stay away from trouble everyday
But it's hard when the things you need
Picture lookin' at your babies in the face
When they hungry and they need to eat Tryin' not to do wrong, but they won't let me do right
Even though I done changed my life
Criminal records what they judgin' me by
That's why The judges said don't trouble nobody
Probation said don't trouble nobody

Stay out of trouble, don't trouble nobody
And I'm a try not to trouble nobody
Momma said don't trouble nobody
Papa said don't trouble nobody
Stay out of trouble don't trouble nobody
And I'm a try not to trouble nobodyThe judges said don't trouble nobody
Probation said don't trouble nobody
Stay out of trouble, don't trouble nobody
And I'm a try not to trouble nobody
Momma said don't trouble nobody
Papa said don't trouble nobody
Stay out of trouble don't trouble nobody
And I'm a try not to trouble nobody
