

# What Kind Of Love Is This

Phillips, Craig & Dean

Baby, yeah yeah yeah yeah What kind of love is this? I cannot resist  
I've searched all over what my path would find  
And girl before your love I was blind  
My friends say, "Boy, how do you know it?  
How do you know this love is real?"  
I say, "Nothing has ever moved me  
Nothing has ever quite made me feel" The way that she touches  
The way that she holds me  
The way that she kisses  
The way she loves me down with all her might  
And I know her love is real  
You can't tell me what I feel What kind of love is this you are giving?  
Never before has a love been so driven  
I'll give you the sun and the moon  
And the stars if I could  
Just to keep you satisfied, baby  
And I know your love is real  
They can't tell me what I feel Hey, yeah  
Talk to me, little G Never thought I'd fall in love, love at first sight  
Never thought I'd find a love  
Love that could be so right, baby  
Think about you both day and night, baby  
Reminiscing 'bout the good times and the times to come  
'Cause I'm enjoying every minute  
Waiting for that moment that I wanna be in your arms, babe The way that she touches  
The way that she holds me  
The way that she kisses  
The way she loves me down with all her might  
And I know her love is real  
You can't tell me how I feel What kind of love is this you are giving?  
Never before has a love been so driven  
I'll give you the sun and the moon  
And the stars if I could  
'Cause I know our love is real  
You can't tell me how I feel What kind of love is this you are giving?  
Never before has a love been so driven  
I'll give you the sun and the moon  
And the stars if I could  
I'll give to you, baby

'Cause I know our love is real  
You can't tell me how I'm feelin'What kind of lovin'?  
What kind of lovin'?  
I'm pacified  
So satisfied  
I'll never let you goWhat kind of lovin'?  
What kind of lovin'?  
I'm pacified  
So satisfied  
I'll never let you go
