

Beautiful Disgrace

Orgy

I see the real you
You put me in my place
Close to perfection
You're outta control, you're outta control Pardon me, I feel the need to scream
I'm ill stuck in the chemical abyss
I'm grippin' at the walls around me Pardon me, if I was laughin' at the crimes
I was laughin' at the way you lie
Tell me why All lies come down to this 'Cause I don't need friends to wrap me up in red tape
Get 'em off my back, they're dead weight
In case you didn't catch my signs the first time
Let me tell you again All my life I tried to explain
How I love myself to release the pain
Anti-magnetic, so quit your bitchin', lyin', cryin'
Tell me why Lately, inside I'm giving in to revenge
Tell me why I'm in and over my head
Why I'm in over my head
I'm in so deep that When I wake up I don't wanna know you
Tell me my name again
Just a beautiful disgrace
A beautiful disgrace, a beautiful disgrace Come with me so I can show you how to live
Burnin' the candle at both ends
I'm gripping at the walls around me Don't complicate it
I'm addicted to this life
I'll be your token of attention All my lies come down to this Lately inside I'm giving in to revenge
Tell me why I'm in over my head
Why I'm in over my head
I'm in so deep that Lately inside I'm giving in to revenge
Tell me why I'm in over my head
Why I'm in over my head
[Incomprehensible] The real you
You put me in my place
Close to perfection
You're out of control I see the real you
I saw through everything
Close to perfection
I saw through everything If I could take away this pain
Just one more time, I might
I saw through everything
Tell me why I'm in over my head When I wake up I don't wanna know you

Tell me my name again
You're just a beautiful disgrace
Such a beautiful disgraceDisgrace, disgrace
You're such a beautiful disgrace
You're so vain, vain, vainGrow your guilt from another vine
I've given this enough time
Lately, inside I'm giving inGrow your guilt from another vine
I've given this enough time
Lately, inside I'm giving inGrow your guilt from another vine
I've given this enough time
Lately, inside I'm giving inGrow your guilt from another vine
I've given this enough time[Inaudible]
Such a beautiful disgrace
You're so vain, vain, disgrace
