

# the ends

## Travis Scott

2AM hollerin' outside  
Lookin' but I cannot find  
Don't you fall asleep this time  
I been all alone on a long way drive  
Only you can stand my mind  
Only you can fix inside  
So if I make it out tonight  
Let's make it a badass time Okay, I got it, copy  
20/20, but I can't see nobody  
One eye open, Illuminati  
This might be the verse that make 'em drop me  
Ain't makin' friends, we just makin' hobbies  
Know they want my girl, that was just a hobby  
Call her 50, tell 'em load up the lobby  
Elevate her up, no need to find me  
Yeah yeah  
X-ray vision, see through you niggas  
Newspaper stand, we press the issue  
We ain't sendin' shots, we launchin' missiles  
Right up at your hood and load  
Checkin' third ward, I'm goin' mental  
Fuckin' out my room, I been rackin' up incidentals  
Cookin' on a tune, I been cheffin' up instrumentals  
Nothin' else to do when you're ridin' in the  
When you ridin' in the, in the back of the back seat  
Driver run the miles like I'm runnin' a track meet  
Gotta watch my back now, cause these niggas at me  
All black in a Benz when I pull up on you They don't want to see me in the end  
In the end  
Let me catch you creepin', yeah that's dead, in the end  
From a chopper check a hoe like in the end  
Oh yeah, oh yeah, oh yeah Today I'mma take a cheque and cancel left  
I guess it's all survival but please be careful  
I gave up on the Bible long time ago  
I hope they didn't give up on me, I don't know  
I came up in the town, they were murderin' kids  
And dumped them in the creek up from where I live  
Bodies, bodies, bodies sprinkled around  
We runnin' through the sprinkler looking around

Killer would show up with boxes of pizza  
And said he had a label recruitin' people  
Put that on my grandma and everythin'  
My homie said he told 'em his name was Wayne  
It could've been me or could've been you too  
What a memory on me, no need to lose  
What's gon' scratch up my intertube  
So I could pop a wheelie and walk it too
