

Lord Remember Me

Chip Davis

Three crosses stood upon a hill against a darkened sky
People came from miles around to watch the Savior die
Crucified on Calvary between two common thieves
One of them said save yourself and one remember me

He said "Lord remember me, Lord remember me
When you go into your king...dom, Lord remember me

There's a lesson to be learned in these simple words
"Today you'll be in Paradise", a dying sinner heard
Lofty deeds and golden words never saved a soul
A simple faith in Jesus Christ was enough to make him whole

He cried "Lord, remember me. Lord, remember me
When you go into your king...dom, Lord remember me!

If today we find there's no peace of mind
And our prayers are just words and phrases
But we hold the key in simplicity
Let this be the prayer that rai....ses

Lord, remember me. Lord, remember me
When you come in all your glor....y,
Lord, remember me

(music stops but singing continues)

Lord, remember me
O my Lord remember me
When you come in all your glor.....y
Lord remember me

(music resumes)

When you come in all your glor...y
Lord remember me
