

# I Rep That West

## Ice Cube

You know what West Coast niggas is gon' tell me?

This is too West Coast

Doin' my own thing

And if you got a problem with that

Then the Nina go bang, bang

And I'll be everywhere on the map

But I rep that

West

I rep that

West

I rep that

West

I rep that

West

I rep that

West

I rep that

West

I rep that

West

I rep that

West

Don't you know that I rep that

Why you got to let that boy in the buildin'?

Don't you know that he about to kill 'em?

Don't you know that he about to hurt y'all feelings?

Can't find Ren, might as well play the villain

I'mma get him

Why, 'cause I can't baby sit him

I'mma whip him, treat him like bad ass children

Is it evil, y'all better call them people

How I get down, just ain't legal

Money long, sorta like Louis Vuitton

I run this shit right here, call me Marathon

(Boom)

I blow like a cherry bomb

You a small donation, bitch, I'm a telethon

West Coast million, what is he really on?

Is it that shit that niggas go silly on?

Hell, no, the pyroclastic flow is evident  
(West Side)  
And y'all know what I represent  
Doin' my own thing  
And if you got a problem with that  
Then the Nina go bang, bang  
And I be everywhere on the map  
But I rep that  
West  
I rep that  
West  
I rep that  
West  
I rep that  
West  
I rep that  
West  
I rep that  
West  
I rep that  
West  
I rep that  
West  
I rep that  
West  
Y'all know what it is  
Is this too West Coast for you motherfuckers?  
So what?  
Sanctioned by the OGs of America  
The Grand Wizard is a certified G  
That mean genius, bitch
