Hurricane

Athlete

All the places we grew up with
Playing hide and seek
Disappearing while we all sleep
Is it something we gonna get used to?
Is it something we gonna get used to? Oh
Hurricane
Oh hurricane
All the millions that we marched with
It never made a sound
It never made a sound on your lips
Is it something we gonna get used to?
But we?re not giving up the coastline so easily
Oh hurricane
Oh hurricane
Well, I don?t wanna run
I?ve been here since I was young
What we see today
Could be gone within the hour
Oh hurricane
What you gonna do to us this time?
Oh hurricane
Why you gonna do to us this time?
Oh hurricane
Is it something we gonna get used to?
Is it something we gonna get used to? Oh
And it's something we gonna get used to
Oh, we?re not giving up the coastline so easily
Oh hurricane
