By Myself

Villz

I think I just might start to break
The pressures starting to build
I'm usually good at hiding all the feelings I start to feel
Even though love is dry can't crack
Cause it's not like that'll bring my brother back
Disregard disease of cardiac...
Arrest me and my niggas fuck that
We run
But everybody gotta be straight
(Don't make mistakes)
Stick to the plan
(Don't make mistakes)
Feed the fam
(Don't make mistake)
Yeah
No matter where I am
(Don't make mistake)
I understand
(Don't make mistake)
I'll do what I can
(Don't make mistake)
I'm a victim to my own hypnosis
Looking over my shoulder
I'm good by myself
I don't need no ones help
I don't need no ones help
I'm all good by myself
Well
At least I think I am
Don't understand
How am I to be the bigger man
Niggas you ran with put the gun into your brothers hand
Harsh reality retaliation is the plan
Solemly praying
Word to my man
(who let down my window)
And drive smooth
(smoking on my indo)
Got my nina on me, Yes I do

They let me out I get in my position
Premeditated cause I know what I'ma t do
Plus I got the drop on this nigga
No hesitation pull it out and shoot
But then my palms get heavier
And my mind get loose
Pointing pistols in a fit of rage
I must have lost my cool
Make that choice
Eye for an eyesore the fallen we're living for
Don't know why
I didn't shoot you where you stood
Bleeding right on the floor
Mercy mercy mercy me
Guess compassion makes me weak
Don't look back as you flee
Cause them niggas I came with ain't me
I'm a victim to my own hypnosis
Looking over my shoulder
I'm good by myself
I don't need no ones help
I don't need no ones help
I'm all good by myself
