

# I Wanna Hold You

[Ace Frehley](#)

"I Wanna Hold You" I can't escape, emotions tell the tale  
It's give and take, love isn't always fair  
People will stop and stare  
What we've got we don't have to share No damage done, there's more to come  
And I've been dreaming so long... I wanna hold you  
I really must confess  
Because I told you  
You're not like the rest  
Oh no!  
Now we've begun, something that's oh so real  
We're in for fun, something we can't conceal  
Just forget what people say  
It doesn't matter anyway No damage done, there's more to come  
I've just been dreaming so long... Oh no!  
You're not like the rest (alright)  
Listen to me baby  
Girl, girl, here it comes  
Every time I look at you  
I know just what I want to do  
No damage done, let's have some fun  
I'm tired of dreaming now! I wanna hold you  
I really must confess  
Because I told you
