

My Shorty

Aaron Carter

Hey, girl keep your head high
I never said I wouldn't be back
When I'm leavin' on the red eye
Gotta do this show so I can get my dough
Locked in below but you and I
Lookin' up at the house on the top of the hill
Where we can drop and get ill
A little spot we can chill
Or hide out whenever things get real
Shorty, wontcha tell me how ya feel if I will
How can I be sure
If your love remains here
Well, I gotta go
Until we get this clear
You just gotta know
When you're not there I be so tight
No matter what I try, it won't go right
(My shorty)
'Cause you got my back
(My shorty)
You keep it real like that
(My shorty)
I wanna be where ya at
(My shorty)
That's why I feel like that
Shorty ain't around, I don't feel right
My shorty, my baby, my lady come with me
Shorty ain't around, I don't feel right
My shorty, my baby, my lady, come with me
On tour 2 months 8 weeks 60 days later I
Threw so many groupies off one I even made her cry
Had to tell her I really didn't hate her right
Couldn't wait a while 'cuz we had to say goodbye
I never thought that I never see that day that I
Fall for her the way that I did so I will say that I
Never stray 'cause I find a better way when
I hold it down and keep it tight, hey never say goodbye
(My shorty)
'Cuz you got my back

(My shorty)
We keep it real like that
(My shorty)
I wanna be where ya at
(My shorty)
That's why I'm feelin' like that
Shorty ain't around, I don't feel right
My shorty, my baby, my lady come with me
Shorty ain't around, I don't feel right
My shorty, my baby, my lady come with me
My shorty, my shorty, ain't around
My shorty, my shorty, ain't around
Shorty ain't around, I don't feel right
My shorty, my baby, my lady come with me
Shorty ain't around, I don't feel right
My shorty, my baby, my lady come with me
Shorty ain't around
(My shorty ain't around)
I don't feel right
My shorty, my baby, my lady come with me
