

# High As a Kite

Weezer

[Verse 1]

I think I'm going parasailing  
Miles above, it's so serene  
I'm letting go of all the troubles  
That I've seen, that I've seen  
Way up here, no one can touch me  
I'm drifting like a lost balloon  
I'm out of reach, won't be coming down  
Any time soon, any time soon[Chorus]

I'm high as a kite  
Don't you think they'd know what I'm worth?  
Flying like a beautiful bird  
I'm high as a kite  
Don't you think they'd know what I'm worth?  
Why I gotta come down to earth?

[Verse 2]

I feel no pain, I feel no pleasure  
I only want to disappear  
So let me play this game for children  
And vanish into the atmosphere[Chorus]  
I'm high as a kite  
Don't you think they'd know what I'm worth?  
Flying like a beautiful bird  
I'm high as a kite  
Don't you think they'd know what I'm worth?  
Why I gotta come down to earth?

[Bridge]

When I'm high  
And I'm giving up the nightmare chase, oh woah woah  
And all I wanna do is blow my mind, oh woah woah  
All I wanna do is blow my mind  
I can fly up to the stratosphere  
High above the cirrus clouds  
Where I am one with the universe[Chorus]  
I'm high as a kite  
Don't you think they'd know what I'm worth?  
Flying like a beautiful bird  
I'm high  
Don't you think they'd know what I'm worth?

Why I gotta come down to earth

When I'm high?
