

# Ups & Downs(Ft. The Bee Gees)

## Snoop Dogg

Every dog has his day  
Another thirty nine inch thick classic (yeah,yeah,yeah,yeah)  
    Girl, as I sit here thinking to myself  
    There is no one for you but me, and I mean that  
    And I think about all the things we've been through  
        Like arguing and fighting for example  
        You know the love we have for each other  
        It tends to out weigh what do to another  
        Ya know my granddaddy use to always say  
        Ya know he used to say it like this[Chorus]  
    There will be, ups and downs, smiles and frowns  
        Share with me, fairy tales or make believe  
    There will be, ups and downs, smiles and frowns  
        Share with me, fairy tales or make believe  
    There will be, ups and downs, smiles and frowns  
Share with me, fairy tales or make believeWhat up motherfuckers? this is snoop dogg  
    I'm trying to figure out how the fuck I'm gonna do y'all  
    Hanging with my homie from the turf, that's young q-ball  
    Giving me the word from the street, here's the scoop y'all  
        The niggas from the eastsidaz split up (split up)  
        And one of 'em tried to fuck yo' shit up (what?)  
    No cause, don't believe that, that's my nigga for life  
    I'm out with the bullshit, I'm in with the real shit  
    I'm at the church doing work, spitting game from the pulpit  
        Now that's the bidness, and god is my witness  
        L-B-C-2-1-3 hell yeah, we in this  
    Its so relentless, and all my dogs up against the life sentence  
        I love y'all, like I love no bitch, and that's real shit  
Or some crip shit, homie dig this[Chorus]I used to have a lot broads that I don't fool with  
    I used to have a lot of homeboys I ain't cool with  
    A lot people that a nigga used to go to school with  
        Happy as hell to see the big dog doing it  
    But what none of them would believe though (what?)  
        That I would be bigger the Kurtis blow  
        I guess he was right, these are the breaks  
    Despite my mistakes and aches, I'm gettin' cake  
    To realize your fate through faith, (through faith)  
        Cause we all gonna get that day (for what)  
        To see if our lives was straight

And to see if we gonna walk through those pearly gates (yeah?)

To see the man upstairs, on some real talk homie

I'm tires of being stuck here

If I could I would fly to the moon (zoom)

Y'all probably think I'm tripping off these mushrooms (i know)There will be, ups and downs, smiles and frowns

Share with me, fairy tales or make believe

There will be, ups and downs, smiles and frowns

Share with me, fairy tales or make believe

There will be, ups and downs,

Smiles and frowns

Share with me, fairy tales or make believeNow as I think back to the words my granddaddy used to say

I never seen him in church, but he always had the word

He would always tell me! sometimes you gotta take the good with the bad

You gotta do bad in order to do good
