I Don't Care

Gilbert O'Sullivan

You tell me you love and then you don't love me Well I don't care You say that you need me and you deceive me Well I don't care maybe you're everything I'll ever need Maybe I'll hate myself after you leave But now I swear I don't care You say that you want to and then you don't want to Well I don't care You think that its heaven but only till seven Well I don't care After a year in which I would have leapt Off a mountain to save you from death Now I swear I don't care You're putting it about that got me sussed You can do what ever you want to plus I would never leave you and that's the truth But only if the never in it's removed You tell me its over until it ain't over Well I don't care You stay on the phone make it into your home Well I don't care Yesterday you were the key to my life Yesterday if you had gone I'd have died But now I swear I don't care Even if you treated me with contempt I would as a patient get back my strength Even if you wanted to the knot I would say the best shot You tell me you love m
e and then you don't love me Well I don't care You're putting me down when I' m out on the town Well I don't care Go to your shrink let him help you decide Don't look at me with that look in your eye Cos now I swear Now I declare Now beware I don't care
