Anti

Oxymoron

There's too much pressure breaking down on me
But I am fed up, full of disdain
Law and order just an empty phrase
I'm antisocial 'cause I have it my own wayNo survival if you ignore their dictates
I've got no idol and my God is me
All this mess-up has blown my fuse
So call me a rebel or a living abuseI'm anti fashion, anti religion
Anti police and anti system
Anti commercial, anti prison
Anti, anti everythingI'm anti fashion, I'm anti religion
Anti police and anti system
Anti, anti everything, okayI'm anti fashion, anti religion
Anti police and anti system
Anti commercial, anti prison
Anti, anti everythingI'm anti fashion, I'm anti religion
Anti police and anti system
Anti, anti everything, okayThere's too much pressure breaking down on me
But I am fed up, full of disdain
Law and order just an empty phrase
I'm antisocial 'cause I have it my own wayI'm anti fashion, anti religion
Anti police and anti system
Anti commercial, anti prison
Anti, anti everythingI'm anti fashion, I'm anti religion
Anti police and anti system
I'm anti, anti everything, okay
