

# I'm In Love With The Music Biz

## Princess Superstar

Good Morning Mr. Sparrow!  
I'd say it's a beautiful day!  
Ready to go hang up flyers on Avenue A?  
What's that tiny sparrow?  
Oh you're all tuckered out from your day job  
Well you know what I do when I'm feeling down...  
I shove my ass into a bustle and I march into the biggest office  
of the biggest record company, and I say...  
I'm in love with the music biz, it gives me such a thrill  
Shopping my tape, the look on your face as I let out a trill  
I'm in love with the music biz, hey sparrow don't you agree  
We'll find the dirtiest van we can, a rolling home for you and me!  
I'm enchante with the A & R department  
They say I'll go far but don't play guitar  
Good heavens, yessir right a way!  
Light and gay is the way I feel when I'm beggin' a deal

They always say no, but cause I'm so po'  
I always enjoy my meal!  
The check's just in time it's from BMI  
For \$5.39 let's get in the line for welfare  
There, there  
Lawyers, publicists, radio promoters  
With tight fitting jeans and cars that use motors  
Round the maypole  
A-hole!

We tiptoed into the studio a smidgen past noon  
Mr. Sparrow, a pidgeon, and Suits the baboon  
An animal orchestra if you please  
Suits! You're getting pawprints on all the CD's  
I'm in love with the music biz  
Operator! David Geffen, ring me through  
Princess Superstar's holding the line  
And TELL HIM I'VE GOT SOMETHING NEW!!!
