

All Night Longer REMIX

Sammy Adams

[Verse 1]

In Vegas, yeah I drink J&B
Throw bangers, get serenaded by ladies basically naked
It's crazy this life I take it
Everybody notice, white girls drink Vodka Sodas
Jack and cokes will get you open, tequila shots are the dopest
And I love it, the way you look so fine when I'm faded on my gin and tonic
But keep on getting persuaded that I wanna crack a Jameson
Invite all your lady friends, tell that bartender serve a mothafuckin' round again[Hook]
Tell that bartender make that motherfucker stronger

I wanna go all night longer
A couple rounds going down like water
I wanna go all night longer
Cause I do this every night
I wanna do this every night
A couple rounds going down like water
I wanna go all night longer![Verse 2]
Negronis for all my homies
Titos and chasers only
Whisky straight for the lonlies
Tequilias, red wine and Stolies
Yeah I mix it, yeah I mix it
Have some beers before this liquor
Now I'm shit-faced at the bar but my games never been sicker
Shoot whiskey like a cowboy
Both guns go off then we wild boys
Got a light skinned girl, sit tall boys
Jump around ?
Gun natty ice like a college kid
So many girls, come and grab one bitch
Toast to the bars, toast to the broads
Ha! no wonder why you love this shit![Hook]
Tell that bartender make that motherfucker stronger
I wanna go all night longer
A couple rounds going down like water
I wanna go all night longer
Cause I do this every night
I wanna do this every night
A couple rounds going down like water

I wanna go all night longer! [Interlude]
My game's never been sicker
And I love it (X4) [Hook]
Tell that bartender make that motherfucker stronger
I wanna go all night longer
A couple rounds going down like water
I wanna go all night longer
Cause I do this every night
I wanna do this every night
A couple rounds going down like water
I wanna go all night longer!
