Time

Day Of Fire

Watching the clock tick tock away
Every second sounds a new day
Always on the rush, quick, get away
Sound the alarm for judgment day
Gotta hurry up or be late
Gotta find the time to make it straight
Do you have the time?
Do you have the time?
Do you have the time to make it?
Do you have the time?
Do you have the time?
Do you have the time to fake it?
Do you have the time?
Do you have the time?
Do you have the time to take it?
Do you have the time
To waste away the day?
Counting the line, can't stand the wait
Every minute to hour, delay
Til' tomorrow becomes yesterday
Now is the time, don't hesitate
Every minute of mine will be made
Hit the clock, it's time to stop the race
Do you have the time?
Do you have the time?
Do you have the time to make it?
Do you have the time?
Do you have the time?
Do you have the time to fake it?
Do you have the time?
Do you have the time?
Do you have the time to take it?
Do you have the time
To waste away the day?
Don't you feel like
There's something that's missing
Don't you feel like
There's something that's missing
Don't you feel like

There's something that's missing
As time keeps slipping
Don't you feel like
There's something, that's missing
Do you have the time?
Do you have the time?
Do you have the time to make it?
Do you have the time?
Do you have the time?
Do you have the time to fake it?
Do you have the time?
Do you have the time?
Do you have the time to take it?
Do you have the time
To waste away the day?
To waste away the day
