Is This What You Wanted?

Jill Phillips

What can be said for whats in your head
Where do your thoughts meet with your actions?
Dont tell me lies or give me advice
About what to do with my lifeI know where you are, youre not very far
From the edge of a point where you cant turn back
And all that you see, all you believe
Is how you can meet all your needsIs this what you wanted from your life
Or would you say your expectations have changed?
Its a sure sign of a wrong turn
Then you dont pay attention anymore, anywaySpiraling down, you plunge to the ground
Waited by all the baggage you are holding
Clutching it tight with all of your might
You dont even realize that you are fallingAnd gone is the glow we all used to know
Your eyes seem to focus on a point beyond me
The words are rehearsed and neatly versed
To dutifully further your facadeIs this what you wanted from your life
Or would you say your expectations have changed?
Its a sure sign of a wrong turn
Then you dont pay attention anymore, anywayWhat can I say to make you listen
The words are flying through your ears and out your head
Its wasting time and wasting breath
'Cause, Ill do what I want you once said
And youll do what you want like you said, yeah, yeahSo show me the place, the very first trace
Of love in your life as you now call it
You would have been ashamed but youve changed your name
And I guess youve changed your mind
I guess youve changed your mind, yeah, yeahOh, youve changed, youve changed, oh, oh
Oh, oh, oh, oh, oh, oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh, oh, oh, oh, oh
