## **Sorry**

## **Joe Jonas**

It can be a rush, yeah it's like a drug,

When you give up love it's never worth it.

When you're fighting fear, it can be so clear,

What you really need is each other.But i finally found the truth: I was using you.

Every night you're gone i swear it hurts

Feel the atmosphere, now you're gone i can't live,

Tell me what to do, i feel the pain all over my body.

Was it the things i said, can i take them back?

Baby, cause without you theres nothing left of me.

We can run away, we can change our fate,

Baby, what can i do to show you

I'm sorry? (3x)You were in a rush, you forgot yourself,

Said you'd had enough, now i feel worthless.

The only thing i had was a second chance,

What i really need is another. 'Cause i finally found the truth: i was using you.

Every night you're gone i swear it hurts.

Feel the atmosphere, now you're gone, i can't live,
Tell me what to do, i feel the pain all over my body.

Was it the things i said, can i take them back?

Baby, 'cause without you theres nothing left of me.

We can run away, we can change our fate

Baby, what can i do to show you
I'm sorry? (3x)Pulling away,
Girl, my heart is out of place
and i feel it killing me
I made a mistake,

Girl, i promise i won't make the same mistake twice,
don't say bye.I'm sorry (repeat)
What can i do to show you i'm sorry
Was it the things i said, baby tell me what i did.
'Cause without you there's nothing left of me
We can run away, we can change our fate
Baby, what can i do to show you
I'm sorry? (repeat)
