

# Red Bird

## Addict

I've been dreaming of a red bird  
And the peace of its gentle wings  
It's an omen of better things  
I've been waking with the same painThat makes me want to sleep  
And dream of a red bird  
So build us a nest for I've chosen to leave  
For I am so so heavy hereCome to me tonight and I'll be waiting  
With my wings  
I will of left the weight behind me that  
The blood of men bringsWhere there once was despair  
Tonight I will be free  
And the slings and the stones that uncovered  
My bones will have flown my memoryI've been dreaming of a red bird  
It sings of a way out, it sings of release  
It's been tapping on my window  
To remind me it's waitingAnd that I have a choice  
So build us a nest for I've chosen to leave  
For I am so heavy here  
Take me away from hereI am not equipped for such strain  
Take away the fear  
How do you prepare for the pain  
Now I'm leaving with the red birdAnd as my arms leak again  
I am so happy here
