

1st Time

Lil' Mo

You make it feel just like the 1st time

You make it feel just like the 1st time

You make it feel like 1st time

The way you kiss me babe makes my body come alive

The way you hold me babe hold me close when you're deep in side

The way you lick my face and you show your kinky side

The way you grab my waist send chills up and down my spine

'Cause you make it feel like the 1st time, every time we make love

Then you explore, explore my body babe, don't rush with every touch

'Cause you make it feel like the 1st time, every time we make love

You take over my body babe, hold my body babe like the 1st time

The 1st time

The way you pull my hair lets me know you're in control

The way you say my name makes me fall deeper in love

And the way you taste my love shows you're not afraid to please me

So baby this love is yours whenever you want me

Whenever you need me

'Cause you make it feel like the 1st time, every time we make love

Then you explore, explore my body babe, don't rush with every touch

'Cause you make it feel like the 1st time, every time we make love

You take over my body babe, hold my body babe like the 1st time

The 1st time

Oh boy, you showed your way

That you ain't afraid to take your time to let me ride

And you never rushed when we were making love

And you ain't no one minute man you always made sure that I get mine

That's why I've always shared my body with you

'Cause it feels like the 1st time

'Cause you know just how to make it feel like the 1st time

Every time we make love

Then you explore, explore my body babe, don't rush with every touch

'Cause you make it feel like the 1st time, every time we make love

You take over my body babe, hold my body babe like the 1st time

The 1st time

Baby you can kiss me, hold me, touch me

Pull my hair, say my name, taste me every time we making love

Come and control me, take over my body baby

Kiss me, tease me, touch me, hold me

Pull my hair, touch me there, right there, right there
