Scarecrow

Donald Cumming

Scarecrow,
Running with the hare
Frail moon
Hanging in the sky
Summer burning in the air
Devil shining through your eyeIn the wind
Blowing like a friend
Through the night and the trees
Take my hand
Never gonna end
Silver light between the seamsScarecrow,
I don't want to sin
Lord knows
I don't want to die
Will you meet me in the end
Weather vane under the skyIn the wind
Blowing like a friend
Through the night and the trees
Take my hand
Never gonna end
Silver light between the seams
