

Kill The King

Megadeth

Broken down, feeling naked leaving me unfulfilled
Promising compromise championing mediocrity
Time and time again what you said ain't what you mean
Even if all my bones are broken
I will drag myself back from the edge to
Kill the king, the king is dead, long live the king
Kill the king, the king is dead, long live the king
I am the king, God save the king
Kill the king, the king is dead
I am the king, long live the king
Kill the king, the king is dead
I am the king, long live the king
I reveal a deceiver in the highest seat in the land
His idle hands the Devil's workshop
Generate more smoke than heat
Time and time again, what you said ain't what you mean
Even if all my bones are broken
I will drag myself back from the edge to
Kill the king, the king is dead, long live the king
Kill the king, the king is dead, long live the king
I am the king, God save the king
A new precedent in pain
(A new precedent in pain)
Mankind is blown to dust
(Mankind is blown to dust)
An explosion of the brain
(An explosion of the brain)
Spontaneously com bust
(Spontaneously com bust)
Kill the king, the king is dead
Long live the king, I am the king
Kill the king, I, the king is dead
Long live the king, I am the king
Kill the king, the king is dead
Long live the king, I am the king
Kill the king, the king is dead
Long live the king, I am the king
