

# I Prefer

## Ministry

Have you run into the human race?  
Have you run into the world?  
Have you run into the system? And I raise the white flag  
And I raise the white flag  
And that's the way  
I prefer flagellation Have you run into your head?  
Have you run into your balls?  
Have you run into the human condition? And I raise the white flag  
And I raise the white flag  
And that's the way  
I prefer flagellation
