Hand Cannot Erase

Steven Wilson

Together we have this love
Even so it's not enough
Bruised and burned
We won't lose heart
Just because
Life gets hardWriting lying emails to our friends back home
Feeling guilty if we sometimes wanna be aloneHand Cannot Erase this loveA love like this makes us strong
We laugh it off when things go wrongIt's not you, forgive me if I find I need
more space
Cos trust means we don't have to be together
every dayHand Cannot Erase this love
