## Tyga

i mean I've been doing some thinking you know  
and we only teenagers but i do love you  
but i think we gotta move on  
don't cry though  
listen this is teenage love babywhen I'm alone all I'm thinking about is my girl  
you smile your pretty face' and them light brown curls  
at first i was playing and saying cause love is a horrible thing  
the way straight to it didn't hesitate  
wit any these Tyga my friends call me fly than yah  
x-men head is flying  
being honest i am more than what you can find in cereal boxes  
be my goddess higher in this world  
i could take your body  
probably being a man is not an option its a hobby  
so you holding my hand is what other girls is watching  
picks up your prints in your locker  
put this lip gloss on and get the haters poppin lil mamma(chorus)  
teenage love [teenage love]  
teenage love [teenage love]  
teenage love [teenage love]  
don't don't don't hurt me again  
teenage love [teenage love]  
teenage love [teenage love]  
teenage love [teenage love]  
don't don't don't hurt me againyou call up the studio  
i said about another hour  
but you refused to hear it, saying baby do you miss me  
but my intentions were to play this song when i visit you  
screaming up conversations everybodys trying to listen  
but we only young and infacuated, sprung, in lust  
i think I'm all the above two teenagers in love  
i gave up them girls you gave up the club  
i gave you everything you wanted just because  
i was waiting for cupid to come shooting arrows through my heart  
now you wanna be apart  
watcha mean you finished  
we only at the start and to leave when it girl we come oh so far(chorus)  
teenage love [teenage love]  
teenage love [teenage love]

don't hurt me againtyga
