

What Do I Do

Freddy Mullins

Maybe things don't end so pretty
And maybe I should get used to
Things being broken and gone
But all along you kept me strong
Maybe I should just walk out
And try things on my own
But baby there's no doubt
To do so would be wrong
Cause without you I'm just a bird
A bird without his song
So what do I do when loves not enough
I pray my heart grows strong
Finds peace and goes on
Finds peace and goes on
Maybe I will learn to live with myself
And understand just who I am
Unsteady but ready to know
Just who I am
