## Wilco

I'm walking all by myself  
Well, I was talking  
To myself about you  
What am I gonna do?  
I was singing this song about you  
I was speaking about singing  
This song for you  
The more I think about it  
The more I know it's true  
The more I think about it  
The more I'm sure it's you  
Honey, I think you're just right  
You're just right  
I was walking  
Like I said by myself  
I was talking

To myself about you  
Like I always do  
The more I think about it  
The more I know it's true  
The more I think about it  
The more I'm sure it's you  
Honey, I think you're just right  
You're just right  
The more I think about it  
The more I know it's true  
The more I think about it  
The more I'm sure it's you  
Honey, I think you're just right  
You're just right
