Let Me Do Me

Nawlage

Chorus:
Oh, I'm just trying to do my best!
I'm sick and tired of you
Bugging me while I'm doing my,
You're sick and I'm tired of me,
But...
Cause I'm doing my,
Let me, let me, let me do me!Don't you know that you're the reason
Why having this cellphone?
You keep calling me, you keep calling me!
Modern technology, ...calling me!
You constantly bother me,
Think that you gotta let your problems, girl!
You... that you're calling me,
Don't play games...
..questions like who are you with?
...to keep it moving,Chorus:
I'm sick and tired of you
Bugging me while I'm doing my,
You're sick and I'm tired of me,
But...
Cause I'm doing my,
Let me, let me, let me do me!She keep calling me,
She knows I'm still ... it,
...fuck my steel body,
Had to feel...
Make sure you see my face,
She call me Ricky Rose, oh yeah I beat that case.
...I'm talking all day...
We're doing this all day!
Six figures niggers, ...on my court case.....Chorus: (x2)
I'm sick and tired of you
Bugging me while I'm doing my,
You're sick and I'm tired of me,
But...
Cause I'm doing my,
Let me, let me, let me do me!Girl, all we need is slow it down,
I'm at the studio, I'm being true to you!
A true...

...calling me every time you're home.
You're hard to ignore, you're being insecure,
You're so....
A traitor with a...
You don't have to blow up our phone, ..girl,
Just to know that I'm...asking me questions that are...
...to keep it moving!Chorus: (x2)
I'm sick and tired of you
Bugging me while I'm doing my,
You're sick and I'm tired of me,
But...
Cause I'm doing my,
Let me, let me, let me do me!
